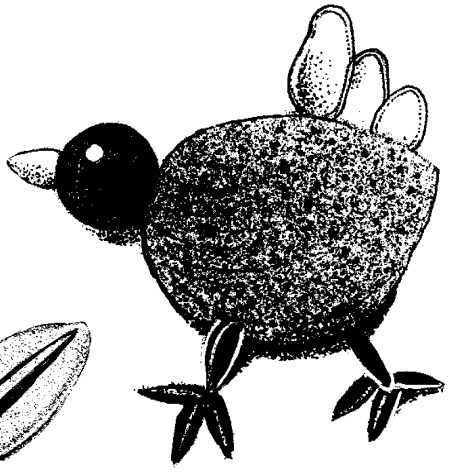
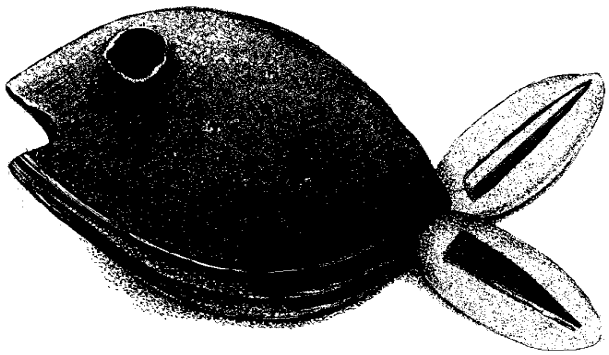
## FUN WITH SEEDS

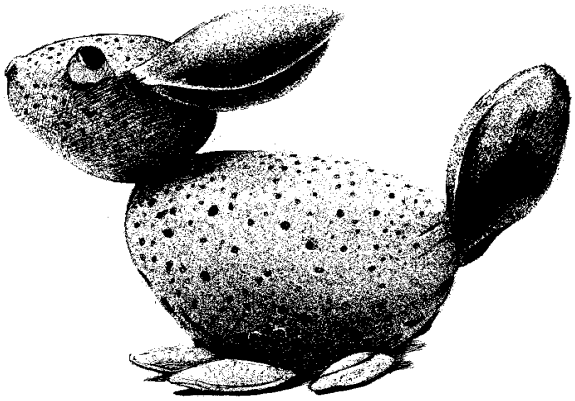




Chew your fruit
And smack your lips
But do not throw
The stones and pips.

After munching
Pear or peach
Keep their seeds
Within your reach.

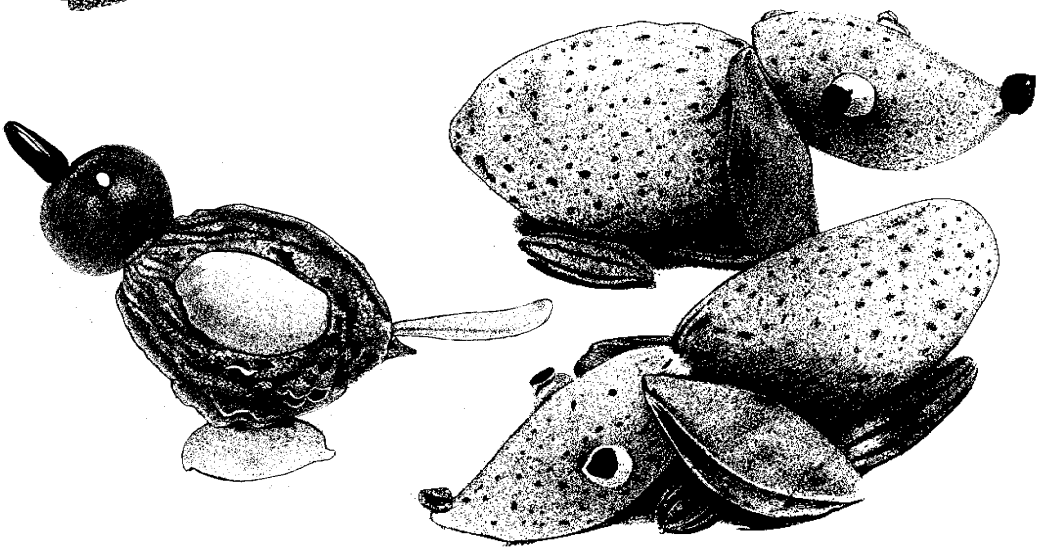
Seeds are white
Seeds are brown
Pine cones make
A lovely crown.



Sort the seeds
Big or small
Little animals
Make them all.

Date seeds have
A longish shape
Line them up
To make a snake

Hard seeds make
a lovely mice
Some make penguins
Which are nice.



Stick seeds on seed
And sculpt a beast
Make lots if you like
Make some at least.

Scratch your head
Try Winnie the Pooh
Some day you might
Just make a zoo!
